BUILDING A BETTER WORLD THROUGH INFORMATION SYSTEMS

icis2014.aisnet.org
Submissions

We invite submissions in all areas of IS research and particularly encourage those related to the conference theme “Building a Better World Through Information Systems”.

Completed research papers are full-length papers of completed research projects. Accepted completed research papers will be presented at ICIS 2014 and published in the ICIS 2014 proceedings. See individual track descriptions on the conference website for topics of interest.

Research-in-progress submissions are papers developed from promising but incomplete research projects that will benefit from the feedback of other ICIS participants. Accepted research-in-progress papers will be presented as posters at ICIS 2014 and published in the ICIS 2014 proceedings. See individual track descriptions on the conference website for topics of interest.

Panel proposals should be submitted to the Panels track.

Teaching cases should be submitted to the IS Curriculum and Education track.
